

FINAL PLACEMENT REPORT

The placements for Engineering Class 2019 is no different. The class of 2019 with over 94% placement embarked on a new journey to take on the challenge that they had imbibed from their learning at HKBKCE.

2019 HIGHLIGHTS

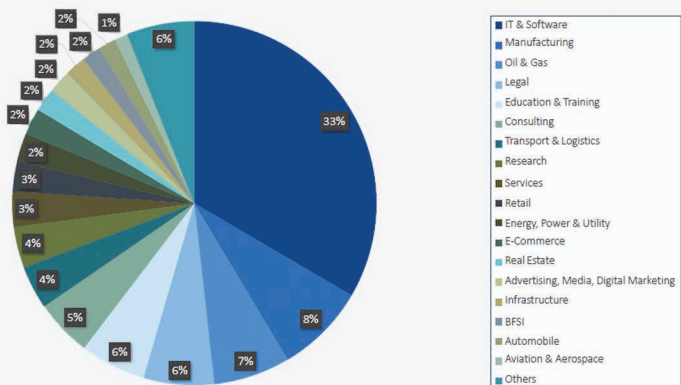

Consistent Placement Performance

Assured placement for eligible students

The campus placement is not only dependent on the branch you are studying but also your academic performance at HKBKCE. Based on the past records, it's evident that those who have maintained their academic percentage above 60 in any of the disciplines and participated in various extracurricular activities at HKBK, almost 98% students have been successful in getting the placement of their choice.

SECTOR WISE RECRUITERS

WHAT STUDENTS SAY

Livin Varghese
CSE
Placed at HP

He believes that being one step ahead and having self confidence everyday is necessary for a successful career.
He thanks the HKBKPlacement team for his success.

Adeeb
CSE
Placed in TCS

Launching my career with Cisco wasn't short of a dream come true and I could have simply never done it without HKBKCE.
He thanks the HKBKcPlacement team for his success.

Ruby Rachel George
Civil
Placed at
Cherian Varkey
Construction

Several placement trainings were conducted to make us meet the standards of the industry efficiently, and thus bridged the gap between the academia and industry.

Abhilash M
Mechanical
Placed in Triveni
Turbines

It's difficult to sum up the memories and experience of four years in few lines. There is something motivational and special in this environment and infrastructure which made us study and enjoy co-curricular activities.

Overall placements of 2019 batch are 94%	Highest : 14.4 Lakhs

THE TOTAL EXPERIENCE

MORE THAN ENGINEERING

Innovation and Incubation

HKBKCE opened its Technology Incubator specifically to catalyze startup. The entrepreneurship cell gives assistance in putting together a business plan and fundraising.

The students here are encouraged not only to get employed but create employability. "The Incubation program" helps a student to understand that in this rapidly changing world, the need of the hour is innovation, we believe if you have an idea then we have the commitment to support you through mentorship from our regular faculties as well as top industrial experts.

Strong Industry Partnership

We foster mutually beneficial partnerships with industry, government and the community that power innovation and drive success. HKBK College of engineering is to take part in many government-funded projects, and with external organizations, to boost research commercialization.
